Small flags

Small flags are a very popular advertising medium for the in- and outdoor area. Because of their high attention factor they are very much liked as fan articles or merchandise items for town festivals, sporting or cultural events. Small flags with sleeve are easily put on a stick and can use as a waving flag. With a wall mount they can be fixed simply on walls. Small flags with rope can attach without any supplies nearly everywhere.

	Small flag with sleeve	Small flag with rope
