

PROMOTIONAL PARASOLS

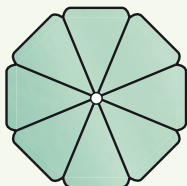

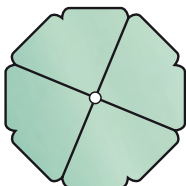

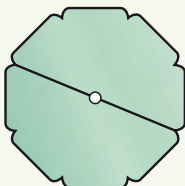

PROMOTIONAL PARASOLS WITH CRANK HANDLE

PROMOTIONAL PARASOLS

PROMOTIONAL PARASOLS

Promotional parasols are both shade providers and advertising media at the same time. They are an effective eye-catching means at the PoS and serve as a design and decoration element at events as well as ensure always optimal shading. Promotional parasols are digitally printed with custom design starting from just one piece. The print is characterized by bright colours with very good lightfastness. The promotional parasols with a crank are also available in a water-proof version. An extra protective lamination allows you to achieve highest scratch resistance of the print.
