Double stroke hand pump

- For easy, manual inflation and deflation
- Double air volume: 2 x 2 liters, pressure: 0.3 bar
- Durable, very light plastic body, REACH certified
- Dimensions: 48 x 20 x 10 cm, weight: 1 kg, packaging dimensions: 50 x 21 x 12.5 cm
- With base, detachable flexible hose, incl. various adapters for the common sizes of inflatable products
- Inflating and deflating possible by changing the hose connection
- Suitable e.g. for air filling and deflating: Air seating elements, Air promotion counters, Air advertising columns

Electric air pump for initial filling, 220 V/400 W

- Heavy-duty electric air pump for quick and easy air filling and deflating
- High-performance 400 W
- Incl. various adapters for common sizes of inflatable products
- Suitable e.g. for air filling and deflating: Event Tent Air, Event Arch Air, Advertising Pillar Air and also for small products such as Sating Elements Air, Promotion Counter Air

Water weight 12 liters

- Size (W x H): 29 x 18 cm
- Weight unfilled approx. 70 g
- Not to be used in sub-zero temperatures

Trolley boxes 168 (L x W x H)

- Universally usable, very stable trolley box made of fireproof wood-plastic composite, black
- Reinforced aluminum frame, 2 wheels for easy transport
- Trolley Box 168/46
usable size: 162 x 40 x 40 cm
- Trolley Box 168/56
usable size: 162 x 40 x 50 cm
- Trolley Box 168/66
usable size: 162 x 40 x 61 cm

U-shaped ground hook 25 cm, set of 4

- Set: 4 ground hooks
- Galvanized steel, length approx. 25 cm
- Suitable for use on unpaved surfaces

PVC ground hook 23 cm, set of 10

- Set: 10 ground hooks
- PVC, yellow, length approx. 23 cm
- Suitable for Air Event Tents and Air Event Arches

Guy set basic

- Set: 4 tent hooks, 4 guy ropes, fabric bag with pull loop
- Tent hook: galvanized steel, with eyelet (ø 24 mm), length 27 cm, thickness 5.2 mm
- Guy ropes: nylon, length 4 m, ø 6 mm
- Packed in a white polyester transport bag with a pull loop (dimensions: 31 x 17 cm)

Guy set Select 30 and 40

- Professional fastening of folding tents and pavilions on unpaved ground even under difficult operating conditions
- Set: 2 tent hooks, 2 guy ropes with aluminum rope tensioners, packed in a fabric bag with a pull loop
- Tent hooks: robust T-shaped steel profile (Select 30: length 30 cm, thickness 3.2 mm and Select 40: length 40 cm, thickness 4 mm)
- Guy ropes: length 5.20 m, ø 6 mm, black/white
- Suitable for: Event Tent Air

Hard case trolley 164

- Universal transport trolley made of plastic (HDPE) incl. 2 wheels and handle
- 3 fastening straps outside, 3 securing straps inside
- External dimensions (L x W x H): 164 x 43 x 27 cm
- Usable dimensions inside (L x W x H): 160 x 35 x 24 cm, load capacity up to max. 31 kg possible
- Suitable for transport of Event Tents Air

Transport bag 47 x 45 x 17 cm

- Zippered carry case, polyester, black/grey
- Incl. carrying straps
- Dimensions: 47 x 45 x 17 cm
- Suitable e.g. for transport of: Lounge Chair Air, Couch Air, Inflatable Pouf and Cylinder Seat Air Basic and Select

NOTES

- 1) A pump with a suitable adapter is required to fill the product with air! This is available separately as an accessory.
- 2) For transporting the product we recommend our optional transport bag 47 x 45 x 17 cm. This is available separately as an accessory.
- 3) The product is not suitable for use in gusts of wind or strong winds!
- 4) When used outdoors, the product must always be securely anchored to the ground. Additional earth hooks and water weights are available as an accessory. If there is a risk of storm or thunderstorm, the product must be dismantled.
- 5) For transporting the product, we recommend our optional Hardcase Trolley 164 or one of our Trolley Boxes 168. These are sold separately and available as an accessory.
